Dear Valued Patient,

The Illinois Department of HealthCare and Family Services (HFS) require most individuals with an HFS Medical Card to pick a health plan for their care coordination services. The health plan you pick will provide you with all of your healthcare needs and help coordinate your care. Once enrolled, you will be enrolled with your health plan for 12 months. At the end of the 12 months, you will be able to pick a new health plan or stay enrolled with your current health plan. This is called your Open Enrollment period.

The health plans you may be required to pick go by the following names:

- Managed Care Organization (MCO)
- Managed Care Community Network (MCCN)

Mid-Illinois Medical Care Associates is contracting with the following Health Plans in order to provide services to our patients:

- Blue Cross Blue Shield
- IlliniCare Health

When will I know if I can make a health plan choice or switch health plans?

The Illinois Client Enrollment Services will send you information about your health plan choices when it is time for you to make a health plan choice and during your Open Enrollment period.

Please contact your local Illinois Department of HealthCare and Family Services with questions.

Thank you,

Mid-Illinois Medical Care Associates, LLC.
